emporia

Emporia Energy Mobile App

Your entire home's energy — monitored, automated, and optimized — from the palm of your hand. **Free to download, no subscription required**.

One App for Everything

One app controls everything: EV charger, energy monitor, smart plugs, home battery, and 100+ devices.

See Exactly What's Using Power — Right Now

The Vue shows which appliances and circuits cost you the most, so you can spot and stop energy hogs fast.

Set It Once, Save Automatically

Link your rate plan and the app schedules your devices to run when electricity is cheapest. Totally hands-free.

Manage Your Home From Anywhere

In a meeting or on vacation, the app keeps you in control. Start or stop charging and get instant alerts.

Detailed Reports That Actually Help

Monthly reports, usage summaries, and personalized tips. See your progress and know what's saving you money.

AI Energy Assistant Built Right In

Ask questions about your home's energy in plain English and get instant, personalized answers. 24/7.

"Every Emporia device is controlled in one free app, zero subscriptions. See what's using energy, automate savings around cheap-rate hours, and manage everything from your phone. An AI assistant even answers your energy questions in plain English."
